To Stakeholders:

Re: Matter No. 357 – NB Power Rate Design

Please be advised that as part of Matter 357, the New Brunswick Energy and Utilities Board (Board) will hear a presentation from The Brattle Group (Brattle Group) on the final Rate Design Stakeholders Report (Report). You will recall that this presentation was originally scheduled to be heard in December 2019.

The Presentation will now take place as follows:

Date: Tuesday, May 12, 2020
Time: 9:30 a.m.
Location: Delta Brunswick, Saint John, N.B

The Board will hear from the facilitators of the Brattle Group who will provide an overview of the Report. They will be available to answer questions from the Board about the Report itself, the process, and the possible sequencing of decisions and studies. The Brattle Group will not be taking questions from stakeholders.

After the presentation from the Brattle Group, stakeholders will have an opportunity to make submissions on Matter 357. The Board has also scheduled the morning of May 13 in the event additional time is required to hear submissions.

Also, please note that the Board is presently monitoring the COVID-19 pandemic situation. Should there be a requirement to re-schedule this presentation or offer it by other means such as teleconference or webinar as a result of this global issue, the Board will advise parties.

Please advise the Board by email at general@nbeub.ca if you plan to attend the presentation and/or make a submission.

Regards,

A handwritten signature in black ink that reads "Kathleen Mitchell".

Kathleen Mitchell
