Application for Variances of an Order

NOTICE

Liberty Utilities (Gas New Brunswick) LP (Liberty Utilities) and Graymont (NB) Inc. (Graymont) have filed an application (Application) with the New Brunswick Energy and Utilities Board (Board) requesting variances of the Order issued in Matter 496 on August 30, 2021.

Liberty is requesting a variance of the Order to allow for the recovery of minimum annual charges stipulated in the Headwater-Liberty Agreement for contract years 1 to 3. In addition, Liberty has raised the issue of whether the Board should consider a sliding scale for contract years 4 to 10. Graymont is requesting a variance of the Order to specifically approve the sliding scale contained in the Headwater-Liberty Agreement.

The Application and supporting documents may be viewed on the Board's website at www.nbeub.ca under Matter No. 504.

The Board previously set a schedule by way of Order and Notice on September 24, 2021. Liberty has requested an amendment to the schedule. No parties objected to the amendment of the schedule. The Board will amend the schedule as follows:

Liberty and Graymont are to provide a written response to any written submissions received by Monday, October 18, at 4 p.m. by filing it with the Board via email to general@nbeub.ca and serving it to all parties to Matter 496.

The Board will hold a hearing on the requested variances via Zoom Video Conference on Monday, November 1, 2021, beginning at 9:00 a.m. Interested parties who filed written submissions may attend and make oral representations about the Application.
