### ADDENDUM

PROJECT TITLE: <b>Request for Proposal – Leased Office Space</b>	ADD. NO.: 3
PAGE 1 of 2 (Including Confirmation Sheet)	DATE: November 25, 2022

Make the following modifications to the above project. Include in the amount of the RFP, any additions to or deductions from the cost of the work by reason of these instructions.

**Sign and attach this Addendum to the RFP documents and submit with your RFP. Failure to do so will result in the rejection of your RFP.**

Please see below.

One of the main reasons for issuing an RFP for this leased space is to allow the NBEUB to provide a facility to conduct their business, particularly the Hearing Room function, that will accommodate the number of persons attending a hearing, without having to rent larger venues for that purpose. The Hearing Room will be very similar to a Courtroom, where acoustic control, environmental control and the separation of and access for the various participants is vitally important and required to be provided as part of this RFP.

Therefore, each proponent will need to identify in their proposal, the nature and use of the adjacent tenancies, that may be on the same floor and on the floors above and below, to where the NBEUB may be located.
