

NEW BRUNSWICK
ENERGY & UTILITIES BOARD

COMMISSION DE L'ÉNERGIE ET DES SERVICES PUBLICS
NOUVEAU-BRUNSWICK

Matter EL-002-2025 – NB Power's Renewables Integration and Grid Security (RIGS) Project

NOTICE OF HEARING

NB Power has filed an application with the Energy and Utilities Board seeking an Order approving a project represented by a Tolling Agreement entered into with RIGS Energy Atlantic Limited Partnership for the purchase of capacity and electricity from a 400 MW natural gas and liquid fueled combustion turbine generation facility to be constructed at Centre Village. As a preliminary matter, NB Power has also made a motion to the Board seeking an Order declaring that the Tolling Agreement is not a capital project under subsection 107(1) of the *Electricity Act* and that the Board does not possess jurisdiction with respect to it under section 107 of the *Act*. If this motion is successful, NB Power will not require Board approval under section 107 to proceed with the Tolling Agreement.

The Board will hold a public hearing to consider the evidence submitted by, and hear submissions from, the parties to this proceeding on the scope of its jurisdiction regarding the proposed Tolling Agreement on **Wednesday, September 3, 2025, beginning at 9:30 a.m.** at the Board's premises located at Brunswick House, 44 Chipman Hill, Suite 800, Saint John.

The general public may attend and watch the proceedings or may view them live on the Board's YouTube channel at <http://www.youtube.com/@nbeubcespnb337>
