

## Full-time Board Member

### NEW BRUNSWICK ENERGY AND UTILITIES BOARD

Headquartered in Saint John, the New Brunswick Energy and Utilities Board (NBEUB) is seeking a full-time board member. The NBEUB consists of five full-time members appointed by the Lieutenant-Governor in Council for a term of ten years.

Established under the *Energy and Utilities Board Act*, the NBEUB is the regulating body for New Brunswick's electricity and gas markets and provides regulatory oversight of the transmission and distribution of electricity, natural gas, pipelines and the motor coach industry. It also administers the weekly price regulation of petroleum products such as gasoline, diesel and furnace oil. Its mandate is to ensure that service providers charge reasonable rates and provide reliable service to the people of New Brunswick.

Functioning in a quasi-judicial nature, the independent board balances the interests of both the regulated entities and the public, ensuring that operations function in a fair and reasonable manner. The NBEUB holds public hearings concerning regulated rates and services at which interested parties may question witnesses, present evidence and make submissions.

The ideal candidate will be a self-directed, collaborative individual with a background in accounting, engineering, business, law or other fields of expertise, who possesses analytical skills and a commitment to the public interest. Written and spoken competence in English and French is considered an asset. Please state your language capability.

*The New Brunswick Energy and Utilities Board is an equal opportunity employer.*
